PROFILE

My name is Muhammad Amir Fahmy. I am currently a 25 years old Software and Automation Developer with 1 year plus of experience. I also hold a Bachelor of Information Systems (Hons.) Intelligent Systems Engineering. I have a deep interest in Data Science and Text Analytics (Natural Language Processing). I am a certified Data Science Professional by IBM and also a certified Power BI Data Analyst Associate by Microsoft. I love to read, finish courses, and find new things to learn. I am looking to apply all my industrial and academic knowledge in a related position and continue to expand my knowledge in an industrial environment.
